Description of Materials

U.S. Department of Housing and Urban Development Department of Veterans Affairs Farmers Home Administration

OMB Control No. 2502-0313 (exp. 7/31/2027)

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Comments regarding the accuracy of this burden estimate and any suggestions for reducing this burden can be sent to U.S. Department of Housing and Urban Development, Office of the Chief Data Officer, R, 451 7th St SW, Room 4176, Washington, DC 20410-5000 or email: PaperworkReductionActOffice@hud.gov. When providing comments, please refer to OMB Approval 2502-0313. Do not send completed form to this address. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

The National Housing Act (12 USC 1703) authorizes insuring financial institutions against default losses on single family mortgages. HUD must evaluate the acceptability and value of properties to be insured. The information collected here will be used to determine if proposed construction meets regulatory requirements and if the property is suitable for mo rtgage insurance. Response to this information collection is mandatory. No assurance of confidentiality is provided. Proposed Construction Under Construction No. (To be inserted by HUD, VA or FmHA) Property address (Include City and State) Name and address of Mortgagor or Sponsor Name and address of Contractor or Builder Instructions 1. For additional information on how this form is to be submitted, number of 3. Work not specifically described or shown will not be considered unless copies, etc., see the instructions applicable to the HUD Application for required, then the minimum acceptable will be assumed. Work exceeding Mortgage Insurance, VA Request for Determination of Reasonable Value, minimum requirements cannot be considered unless specifically described. or FmHA Property Information and Appraisal Report, as the case may be. 4. Include no alternates, "or equal" phrases, or contradictory items. (Consid-2. Describe all materials and equipment to be used, whether or not shown on eration of a request for acceptance of substitute materials or equipment is the drawings, by marking an X in each appropriate check-box and entering not thereby precluded.) 5. Include signatures required at the end of this form. the information called for each space. If space is inadequate, enter "See 6. The construction shall be completed in compliance with the related drawings misc." and describe under item 27 or on an attached sheet. The use of and specifications, as amended during processing. The specifications include paint containing more than the percentage of lead by weight this Description of Materials and the applicable Minimum Property Standards. permitted by law is prohibited. **Excavation** Bearing soil, type ____ **Foundations** Footings concrete mix ____ _____ strength psi _____ Reinforcing _____ Foundation wall material _ Reinforcing ____ Interior foundation wall material ______ Party foundation wall ____ Piers material and reinforcing Columns material and sizes ____ Girders material and sizes _____ Sills material __ Basement entrance areaway ____ ___ Footing drains _____ Waterproofing _ Termite protection ___ Basementless space ground cover ______ insulation ______ foundation vents _____ Special foundations __ Additional information Chimnevs Material _ Flue lining material ______ _ _ Heater flue size ______ _ _ Fireplace flue size ______ _____ water heater _____ Vents (material and size) gas or oil heater _____ Additional information **Fireplaces** olid fuel _____ Ash dump and clean-out____ circulator (make and size) ____ Type Fireplace facing _ Additional information
